

Feedback Report (Session 2020-2021)

Feedback of the college was taken by the following three stakeholders including our Alumni, our students and parents. Here is a detail report of the feedback received by them.

We got the responses from 129 of our alumni, out of which almost all of them had completed their graduation this year. Maximum B.Sc. students gave their response followed by B.A., [B.Com.](#) and M.A. Most of the alumni are still engaged in their higher studies and only less than 2% of them have started doing the work. Most of the students that are Pursuing their studies have taken admissions in the degree college at Amroha and some of the students have also taken admission in the university.

Some students are also doing B.Ed. D Pharma and computer courses. From the feedback of the alumni we came to know that they were completely satisfied with our college, they have no problem with the teachers or nonteaching staff here. They were satisfied with Practical labs, Sports activities, Computer lab and Library facilities etc. Even they are also further ready to help in every possible way to the students who are studying here. And also at the same time they are ready and willing to do all possible help for the development and progress of the college. We did not receive any complaint from their side except one suggestion that PG classes should be here in maximum subjects.

Through the feedback receive by the parents we came to know that all the parents are completely satisfied with the teaching and non-teaching staff of our college. According to them our college library, practical lab, computer lab and sports facility are all supportive for the development of their children.

According to them the teaching and learning processes are very good, the process of internal evaluation of the college is quite fair. The college environment is very much supportive in the all-round development of the students. They do not have any major problems or complaints at the college level. Only their suggestion is that there is a little requirement for the improvement of toilets and water system in college .

In the feedback taken from the students of the college we came to know that all the students of the college are fully satisfied with their teacher's behavior, their preparation of lecture, their transparency in internal assessments or the way of completing their syllabus. They always ready to help in their assignment and project work.

According to them most of the teachers enhance their studies with the help of multimedia and ICT tools. The teachers understand the weaknesses

and strengths of their students and help them accordingly. The students are completely satisfied with the facility available in the college like drinking water, toilets, Wi-Fi connections, library, Sports, practical labs etc. The teachers encourage them to participate in extra curriculum or co curriculum activities, the teaching and monitoring process in our institute facilitated them in cognitive social and emotional growth. Teachers take an active interest in promoting them in taking part in inter college competition or field visit opportunity or skill development programs etc
